Message from the Chief Statistician of Canada

Thank you for participating in the 2026 Census. The information you provide is used to produce statistics that communities, businesses, and governments rely on to plan services, develop programs, and make informed decisions about employment, schools, public transportation, hospitals and more.

Your answers are collected under the authority of the *Statistics Act* and kept strictly confidential. By law, your household must complete a 2026 Census of Population questionnaire.

Statistics Canada makes use of existing sources of information, such as immigration, income tax and benefits data, to reduce the response burden placed on households.

The information you provide may be used by Statistics Canada for other statistical and research purposes or may be combined with other survey or administrative data sources.

Thank you,

André Loranger
