# 2023 Annual Survey of Research and Development in Canadian Industry

#### CONFIDENTIAL once completed.

Selon nos dossiers votre langue de préférence est l'anglais, si vous préférez recevoir ce document en français, veuillez nous appeler au numéro sans frais suivant : 1-877-949-9492 ou ATS 1-800-363-7629

This information is collected under the authority of the *Statistics Act*, Revised Statutes of Canada, 1985, Chapter S-19.

COMPLETION OF THIS QUESTIONNAIRE IS A LEGAL REQUIREMENT UNDER THIS ACT.

### Introduction

#### Survey purpose

This survey collects information on scientific activities of Canadian businesses. The research and development expenditures and personnel information is used by federal, provincial and territorial governments and agencies, academics, trade associations and international organizations for statistical analyses and policy purposes. These data also contribute to national totals of research and development activities. The payments and receipts information is used by these agencies to monitor knowledge flows across international borders and between Canadian businesses.

Your information may also be used by Statistics Canada for other statistical and research purposes.

#### Security of emails and faxes

Statistics Canada advises you that there could be a risk of disclosure during facsimile or email. However upon receipt, Statistics Canada will provide the guaranteed level of protection afforded all information collected under the authority of the *Statistics Act*.

**Note:** Our online questionnaires are secure, there is no risk of data interception when responding to Statistics Canada online surveys.

#### Confidentiality

The Statistics Act protects the confidentiality of information collected by Statistics Canada.

#### **Data-sharing agreements**

To reduce respondent burden, Statistics Canada has entered into data-sharing agreements with provincial and territorial statistical agencies and other government organizations, which have agreed to keep the data confidential and use them only for statistical purposes. Information on confidentiality, data-sharing agreements and record linkages can be found on the last page of this questionnaire.

## Please return the questionnaire within 30 days.

Please mail the completed questionnaire in the enclosed envelope or fax it to Statistics Canada at 1-888-883-7999.

If you are unable to complete within 30 days **or** if you need help, call us at **1-877-949-9492** or **TTY 1-800-363-7629**.

## **Reporting instructions**

- Please print in ink.
- Report dollar amounts in thousands of Canadian dollars.
- Exclude sales tax.
- Percentages should be rounded to whole numbers.
- Do not report dollars in decimals. Round all values to the nearest whole number.
- When precise figures are not available, provide your best estimates.
- If this business performs in-house R&D and outsources R&D, complete all questions.
- If this business performs in-house R&D and does not outsource R&D, complete questions 1-5, 8-21.
- If this business outsources R&D and does not perform in-house R&D, complete questions 1-3, 5-7, 12 & 16-21.
- If this business does not perform in-house R&D and does not outsource R&D, complete questions 1-3, 5, 12, 16, 17 & 19-21
- Consult the reporting guide at www.statcan.gc.ca/guides-e for further information.

В	Business or organization and contact information	
1.	Verify or provide the business or organization's legal and operating     Note: Legal name modifications should only be done to correct a spelling error or typo.	name, and correct information if needed.
	Legal name Oper	rating name (if applicable)
2.	Verify or provide the contact information for the designated contact information if needed.  Note: The designated contact person is the person who should receive this questionnaire actually completes the questionnaire.	
	First name Last	name
	Title	Preferred language of communication  English French
	Mailing address (number and street)	
	City	ince, territory or state
	Postal code or ZIP code Example: A9A 9A9 or 12345-1234	
	Country	
	Email address Example: user@example.gov.ca	
	Telephone number (including area code)  Example: 123-123-1234  Extension number (if applicable)	er
	Fax number (including area code) Example: 123-123-1234	

3. <b>Verify or provide the current operational status</b> of the business or organization identified by the legal and operating name above.  B00323	
¹ Operational → Go to question 4	
Not currently operational  e.g., temporarily or permanently closed, change of ownership	
Why is this business or organization not currently operational?	
Seasonal operations -> Go to question 3a	
<sup>3</sup> Ceased operations → Go to question 3b	
<sup>4</sup> Sold operations → Go to question 3c	
<sup>5</sup> Amalgamated with other businesses or organizations → Go to question 3d	
<sup>6</sup> Temporarily inactive but expected to reopen → Go to question 3e	
No longer operating because of other reasons -> Go to question 3f	
3a. Seasonal operations	
When did this business or organization close for the season?	
Date YYYY MM DD	
When does this business or organization expect to resume operations?	
Date NYYY MM DD → Go to question 4	
3b. Ceased operations	
When did this business or organization cease operations?  MM DD	
Date B00211	
Why did this business or organization cease operations?  B00311	
<sup>1</sup> Bankruptcy	
<sup>2</sup> Liquidation	
<sup>3</sup> Dissolution → Go to question 4	
Other Specify the other reasons why operations ceased  B00312	
<b>)</b>	

3c.	c. Sold operations	
55.		
	When was this business or organization sold?  YYYYY MM DD	
	B00212	
	Date	
	What is the legal name of the buyer?	
	800406	
		Go to question 4
3d.	d. Amalgamated with other businesses or organizations	
	When did this business or organization amalgamate?	
	YYYY MM DD B00213	
	Date	2
	What is the legal name of the resulting or continuing business or organization?	
	B00407	
	What are the logal names of the other amalgameted business are arguizations?	
	What are the legal names of the other amalgamated businesses or organizations?	
		Go to question 4
3e.	e. Temporarily inactive but expected to reopen	
	When did this business or organization become temporarily inactive?	
	YYYY MM DD	
	Date	
	When does this business or organization expect to resume operations?	
	When does this business of organization expect to resume operations:	
	B00215 Date	
	Date	
	Why is this business or organization temporarily inactive?	
	B00313	<b>&gt;</b> Oo to morethan 4
		→ Go to question 4
3f.	. No longer operating because of other reasons	
	When did this business or organization cease operations?	
	YYYY MM DD	
	Date	
	Why did this business or organization cease operations?	
	800314	

4.	Verify or provide the current main activity of the business or organization identified by the legal and operating name.  Note: The described activity was assigned using the North American Industry Classification System (NAICS).
	This is the current main activity → Go to next section  This is not the current main activity  Provide a brief but precise description of this business or organization's main activity  e.g., breakfast cereal manufacturing, shoe store, software development  B05003
5.	Was this business or organization's main activity ever classified as:  B05111  1 Yes 2 No → Go to next section
6.	When did the main activity change?  Date  NORTH MIM DD  DATE  NORT

## **Business characteristics** Reporting period DD B00206 Note: For this survey, this business's fiscal year end date should fall on or before March 31, 2024. Here are some examples of fiscal periods that fall within the targeted dates: May 1, 2022 to April 30, 2023 July 1, 2022 to June 30, 2023 October 1, 2022 to September 30, 2023 January 1, 2023 to December 31, 2023 February 1, 2023 to January 31, 2024 April 1, 2023 to March 31, 2024 \*THIS FISCAL YEAR WILL BE REFERRED TO AS 2023 THROUGHOUT THE QUESTIONNAIRE\* **Business status** B00419 2. What is this business's **GST** number (9-digit business number)? Before you begin Differences between Scientific Research and Experimental Development (SR&ED) tax incentive program and this survey **Include** the following expenditures in this survey: capital R&D expenditures

## For this survey

'In-house R&D' refers to

Expenditures within Canada for R&D performed within this business by:

payments for R&D performed by other organizations outside Canada.

R&D expenditures in the social sciences and humanities

- employees (permanent, temporary or casual)
- self-employed individuals or contractors who are working on-site on this business's R&D projects.

#### 'Outsourced R&D' refers to

Payments made **within or outside Canada** to other businesses, organizations or individuals to fund **R&D** performance:

- grants
- fellowships
- contracts.

n-hou	use research and development (F	₹&	D) expenditures

## Fields of research and development for in-house R&D expenditures within Canada in 2023

10. **In 2023**, how were this business's **total expenditures** for **R&D performed in-house** within Canada distributed by field(s) of research and development?

#### **Exclude**

- payments for outsourced (contracted out or granted) R&D, which should be reported in question 6
- capital depreciation

Please report all amounts in **thousands** of Canadian dollars.

Report '0' for no R&D expenditures.

## Nature of R&D for in-house R&D expenditures within Canada in 2023

11. **In 2023**, how were this business's **total expenditures** for **R&D performed in-house** within Canada distributed by nature of **R&D**?

**Basic research** is experimental or theoretical work undertaken primarily to acquire new knowledge of the underlying foundation of phenomena and observable facts, without any particular application or use in view.

**Applied research** is original investigation undertaken in order to acquire new knowledge. It is, however, directed primarily towards a specific, practical aim or objective.

**Experimental development** is systematic work, drawing on knowledge gained from research and practical experience and producing additional knowledge, which is directed to producing new products or processes or to improving existing products or processes.

e.	Supporting activities for this business's processes, such as maintenance systems or operations for purchasing, accounting or computing.	B10037 1	2

Percentage of total

### In-house R&D personnel in 2023

13. In 2023, how many in-house R&D personnel within Canada did this business have in the following R&D occupations?

Please report in full-time equivalents (FTE).

Include on-site consultants and contractors in line e.

If this business is unable to provide a gender breakdown of FTEs, please leave the associated fields empty and report only the totals.

#### Full-time equivalent (FTE)

**R&D** may be carried out by persons who work solely on **R&D** projects or by persons who devote only part of their time to **R&D**, and the balance to other activities such as testing, quality control and production engineering. To arrive at the total effort devoted to **R&D** in terms of personnel, it is necessary to estimate the full-time equivalent of these persons working only part-time in **R&D**.

Full-time equivalent (FTE) = Number of persons who work solely on R&D projects + the time of persons working only part of their time on R&D

**Example calculation:** If out of four scientists engaged in **R&D** work, one works solely on **R&D** projects and the remaining three devote only one quarter of their working time to **R&D**, then: **FTE** = 1 + 1/4 + 1/4 = 1.75 scientists.

### **ENERGY-RELATED R&D BY AREA OF TECHNOLOGY**

- 18. In 2023, did this business's total in-house and outsourced (contracted out or granted) R&D expenditures include energy-related R&D in the following categories?
  - 1. Fossil fuels

- 5. Hydrogen and fuel cells
- 2. Renewable energy resources
- 6. Energy efficiency
- 3. Nuclear fission and fusion
- 7. Other energy-related technologies

- 4. Electric power
  - Yes → Please provide details below
- No → Go to question 19

## Environmental and clean technology R&D expenditures in 2023

19. In 2023, what percentage of this business's total expenditures for R&D performed in-house within Canada was related to research and development of environmental and clean technologies?

**Environmental and clean technology product** is defined as any process, product, or service that reduces environmental impacts: through environmental protection activities that prevent, reduce or eliminate pollution or any other degradation of the environment, resource management activities that result in the more efficient use of natural resources, thus safeguarding against their depletion; or the use of goods that have been adapted to be significantly less energy or resource intensive than the industry standard.

Report '0' for no environmental and clean technology R&D expenditures.

If precise figures are not available, please provide your best estimate.

Heat and energy savings and management  e.g., efficient equipment (advance insulation, high efficiency pumps or burner (Energy Star certified), etc.), energy storage technologies (flywheels, fuel cells), lighting upgrades, smart grid services and associated technologies	
Fuel efficient vehicles and transportation goods or technologies	
e.g., electric and hybrid vehicles, vehicles using alternative fuels, alternative fuel retrofits on existing vehicles, low-rolling resistan tires	ce
Production of energy from renewable sources  e.g., equipment, services, and technologies used to produce electricity or heat from renewable sources	
Production of nuclear energy	
e.g., equipment, services, and technologies used to produce electricity or heat from nuclear energy  Exclude the R&D on feedstock used to produce energy such as uranium	
Other environmental protection or resource management activities	
Specify the other environmental protection or resource management activities  B05203_y91	

Changes or events	
21. Indicate any changes or events that affected the reported values for this business or organization compared with the last reporting period.	
Mark all that apply.	
B00316_r1	
Outsourcing of R&D projects	
B00316_r2	
Initiation of new R&D projects	
Completion of existing <b>R&amp;D</b> projects	
B00316_r4	
Major change in funding of <b>R&amp;D</b> projects (loss of funding)	
B00316_r5	
Major change in funding of <b>R&amp;D</b> projects (increase in funding)	
Organizational change that affected <b>R&amp;D</b> activities (expansion, reduction, restructuring)	
B00316_r7	
Economic change that affected R&D activities	
B00316_r11	
Lack of availability of qualified R&D personnel	
Other changes or events — specify:	
B00302_t16	
OR	
No changes or events	
No changes of events	

Co	ntact person
22.	Statistics Canada may need to contact the person who completed this questionnaire for further information.
	If the contact person is the same as on cover page, please check → Go to "Feedback"
	Otherwise, who is the <b>best person to contact</b> about this questionnaire?
	First name
	Last name
	Title
	1
	Email address (Example: user@example.gov.ca)

### **General information**

### Confidentiality

#### Your answers are confidential.

By law, Statistics Canada is prohibited from releasing any information it collects that could identify any person, business, or organization, unless consent has been given by the respondent, or as permitted by the *Statistics Act*. Statistics Canada will use the information from this survey for statistical purposes only.

#### **Data-sharing agreements**

To reduce respondent burden, Statistics Canada has entered into data-sharing agreements with provincial and territorial statistical agencies and other government organizations, which have agreed to keep the data confidential and use them only for statistical purposes. Statistics Canada will only share data from this survey with those organizations that have demonstrated a requirement to use the data.

#### Provincial and territorial statistical agencies

**Section 11** of the *Statistics Act* provides for the sharing of information with provincial and territorial statistical agencies that meet certain conditions. These agencies must have the legislative authority to collect the same information, on a mandatory basis, and the legislation must provide substantially the same provisions for confidentiality and penalties for disclosure of confidential information as the *Statistics Act*. Because these agencies have the legal authority to compel businesses to provide the same information, consent is not requested and businesses may not object to the sharing of the data.

For this survey, there are **Section 11** agreements with the provincial and territorial statistical agencies of Newfoundland and Labrador, Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia and the Yukon. The shared data will be limited to information on in-house research and development expenditures (Question 8) and in-house research and development personnel (Question 15) pertaining to business establishments located within the jurisdiction of the respective province or territory.

**Section 12** of the *Statistics Act* provides for the sharing of information with federal, provincial or territorial government organizations. Under **Section 12**, you

may refuse to share your information with any of these organizations by writing a letter of objection to the Chief Statistician and returning it with the completed questionnaire. Please specify the organizations with which you do not want to share your data.

For this survey, there are **Section 12** agreements with the statistical agencies of Prince Edward Island, the Northwest Territories and Nunavut. The shared data will be limited to information on in-house research and development expenditures (Question 8) and in-house research and development personnel (Question 15) pertaining to business establishments located within the jurisdiction of the respective province or territory.

## Innovation, Science and Economic Development Canada

For this survey, Statistics Canada will share survey data with Innovation, Science and Economic Development Canada. The shared data will be limited to information on research and development expenditures (Questions 4 to 12) and in-house research and development personnel (Questions 13 to 15).

### Natural Resources Canada

For respondents with expenditures on energy-related research and development in technology (fossil fuels, renewable energy resources, nuclear fission and fusion, electric power, hydrogen and fuel cells, energy efficiency, other energy-related technologies), Statistics Canada will also share survey data with the Office of Energy Research and Development (OERD) of Natural Resources Canada. The shared data will be limited to information on Energy Research and Development Expenditures by Area of Technology (Question 18).

You may refuse to share your information with this organization by writing a letter of objection to the Chief Statistician and returning it with the completed questionnaire.

#### **Record linkages**

To enhance the data from this survey and to reduce the reporting burden, Statistics Canada may combine the acquired data with information from other surveys or from administrative sources.

Thank you for completing this questionnaire.

Please retain a copy for your records.
