### 2023 Annual Survey of Research and Development in Canadian Industry Industrial Non-profit Organizations

This information is collected under the authority of the *Statistics Act*, Revised Statutes of Canada, 1985, Chapter S-19. COMPLETION OF THIS QUESTIONNAIRE IS A LEGAL REQUIREMENT UNDER THIS ACT.

### Introduction

#### Survey purpose

This survey collects information on scientific activities of Canadian businesses and industrial non-profit organizations. The research and development expenditures and personnel information is used by federal, provincial and territorial governments and agencies, academics, trade associations and international organizations for statistical analyses and policy purposes. These data also contribute to national totals of research and development activities. The payments and receipts information is used by these agencies to monitor knowledge flows across international borders and between Canadian organizations.

Your information may also be used by Statistics Canada for other statistical and research purposes.

#### Security of emails and faxes

Statistics Canada advises you that there could be a risk of disclosure during facsimile or email. However upon receipt, Statistics Canada will provide the guaranteed level of protection afforded all information collected under the authority of the *Statistics Act*.

**Note:** Our online questionnaires are secure, there is no risk of data interception when responding to Statistics Canada online surveys.

#### Confidentiality

The *Statistics Act* protects the confidentiality of information collected by Statistics Canada.

#### **Data-sharing agreements**

To reduce respondent burden, Statistics Canada has entered into data-sharing agreements with provincial and territorial statistical agencies and other government organizations, which have agreed to keep the data confidential and use them only for statistical purposes. Information on confidentiality, data-sharing agreements and record linkages can be found on the last page of this questionnaire.

### Please return the questionnaire within 30 days.

Please mail the completed questionnaire in the enclosed envelope or fax it to Statistics Canada at 1-888-883-7999.

If you are unable to complete within 30 days **or** if you need help, call us at **1-877-949-9492** or **TTY 1-800-363-7629**.

5-3600-4201.1: 2024-04-17

### **Reporting instructions**

- Please print in ink.
- Report dollar amounts in thousands of Canadian dollars.
- Exclude sales tax.
- Percentages should be rounded to whole numbers.
- When precise figures are not available, provide your best estimates.
- Do not report dollars in decimals. Round all values to the nearest whole number.
- If this organization performs in-house R&D and outsources R&D, complete all questions.
- If this organization performs in-house R&D and does not outsource R&D, complete questions 1-6, 9-22.
- If this organization outsources R&D and does not perform in-house R&D, complete questions 1-4, 6-8, 13, 17-22.
- If this organization does not perform in-house R&D and does not outsource R&D, complete questions 1-4, 6, 13, 17, 18 & 20-22.
- Consult the reporting guide at www.statcan.gc.ca/guides-e for further information.

### Business or organization and contact information

	Note: Legal name modifications should only be done to correct a spelling error or typo.				
	Legal name	Operating name (if applicable)			
2.	Verify or provide the contact information for the designated information if needed. Note: The designated contact person is the person who should receive this ques actually completes the questionnaire.				
	First name	Last name			
	Title	Preferred language of communication			
		English French			
	Mailing address (number and street)				
	City	Province, territory or state			
	Postal code or ZIP code Example: A9A 9A9 or 12345-1234				
	Country				
	Email address Example: user@example.gov.ca				
	Telephone number (including area code)       Extension         Example: 123-123-1234       (if applicab)				
	Fax number (including area code) Example: 123-123-1234				

<ol> <li>Verify or provide the current operational status of the business or organization identified by the legal and operating name above.</li> <li>B00323</li> </ol>	÷				
<sup>1</sup> Operational → Go to question 4					
<ul> <li>Not currently operational</li> <li>e.g., temporarily or permanently closed, change of ownership</li> </ul>					
Why is this business or organization not currently operational?					
Seasonal operations → Go to question 3a					
Ceased operations → Go to question 3b					
<sup>4</sup> O Sold operations → Go to question 3c					
<sup>5</sup> • Amalgamated with other businesses or organizations $\rightarrow$ Go to question 3d					
<sup>6</sup> Temporarily inactive but expected to reopen <b>→</b> Go to question 3e					
<sup>7</sup> No longer operating because of other reasons → Go to question 3f					
3a. Seasonal operations					
When did this business or organization close for the season?					
Date YYYY MM DD					
When does this business or organization expect to resume operations?					
Date MM DD → Go to question 4					
3b. Ceased operations					
When did this business or organization cease operations?					
B00211 Date					
Why did this business or organization cease operations?					
<sup>1</sup> Bankruptcy					
<sup>2</sup> Liquidation					
<sup>3</sup> Dissolution <b>A</b>					
<sup>4</sup> Other					
Specify the other reasons why operations ceased					
<b>L</b>					

3c. Sold operations
When was this business or organization sold?         YYYY       MM       DD
Date
What is the legal name of the buyer? B00406 B00406
→ Go to question 4
3d. Amalgamated with other businesses or organizations
When did this business or organization amalgamate?
What is the legal name of the resulting or continuing business or organization?
$\mathcal{O}$
What are the legal names of the other amalgamated businesses or organizations?
3e. Temporarily inactive but expected to reopen
When did this business or organization become temporarily inactive?
Date When does this business or organization expect to resume operations?
Date B00215
Why is this business or organization temporarily inactive?
→ Go to question 4
3f. No longer operating because of other reasons
When did this business or organization cease operations?
Why did this business or organization cease operations? B00314

4.	Verify or provide the current main activity of the business or organization identified by the legal and operating name. Note: The described activity was assigned using the North American Industry Classification System (NAICS).
	805002
	<sup>1</sup> O This is the current main activity → Go to next section
	<sup>2</sup> This <b>is not</b> the current main activity Provide a <b>brief but precise description</b> of this business or organization's <b>main activity</b> e.g., breakfast cereal manufacturing, shoe store, software development
5.	Was this business or organization's main activity ever classified as:
	1 8
	<sup>805111</sup> <sup>1</sup> Yes
	<sup>2</sup> No $\rightarrow$ Go to next section
6.	When did the main activity change?
	VYYY MM DD
	Date
	MFONO

0	rganization characteristics
Re	eporting period
	YYYY MM DD B00206
1.	What is the end date of this organization's fiscal year?
	Note: For this survey, this organization's fiscal year end date should fall on or before March 31, 2024.
	Here are some examples of fiscal periods that fall within the targeted dates:
	May 1, 2022 to <b>April 30, 2023</b> July 1, 2022 to <b>June 30, 2023</b>
	October 1, 2022 to September 30, 2023
	January 1, 2023 to <b>December 31, 2023</b> February 1, 2023 to <b>January 31, 2024</b>
	April 1, 2023 to March 31, 2024
	*THIS FISCAL YEAR WILL BE REFERRED TO AS 2023 THROUGHOUT THE QUESTIONNAIRE*
Or	rganization status
	800419
2.	What is this organization's <b>GST</b> number (9-digit business number)?
	$\sim 100$
	CAN\$ '000
3.	In 2023, what were this organization's total expenditures within Canada?
	If precise figures are not available, please provide your best estimate
	Before you begin
	For this survey

	e.	Supporting activities for this organization's processes, such as maintenance systems or operations for purchasing, accounting or computing	B10037 1	2

### In-house R&D personnel in 2023

## 14. In 2023, how many in-house R&D personnel within Canada did this organization have in the following R&D occupations? Please report in full-time equivalents (FTE).

Include on-site consultants and contractors in line e.

If this organization is unable to provide a gender breakdown of FTEs, please leave the associated fields empty and report only the totals.

#### Full-time equivalent (FTE)

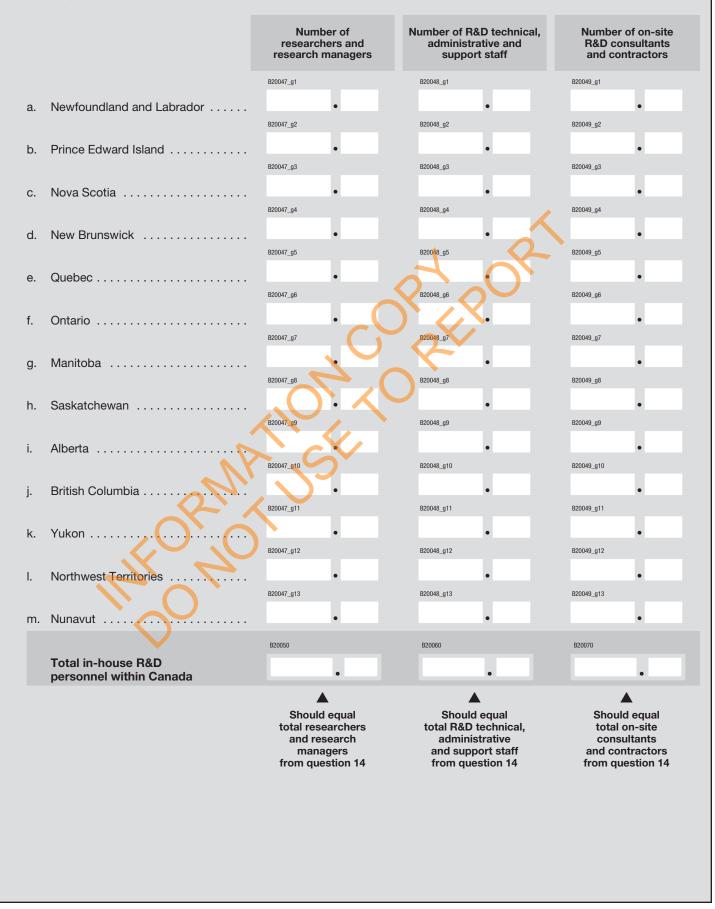

**R&D** may be carried out by persons who work solely on **R&D** projects or by persons who devote only part of their time to **R&D**, and the balance to other activities such as testing, quality control and production engineering. To arrive at the total effort devoted to **R&D** in terms of personnel, it is necessary to estimate the full-time equivalent of these persons working only part-time in **R&D**.

Full-time equivalent (FTE) = Number of persons who work solely on R&D projects + the time of persons working only part of their time on R&D.

**Example calculation:** If out of four scientists engaged in **R&D** work, one works solely on **R&D** projects and the remaining three devote only one quarter of their working time to **R&D**, then: **FTE** = 1 + 1/4 + 1/4 = 1.75 scientists.

Env	vironmental and clean technology R&D expenditures in 2023
	In 2023, what percentage of this organization's total expenditures for R&D performed in-house within Canada was related to research and development of environmental and clean technologies?
	<b>Environmental and clean technology product</b> is defined as any process, product, or service that reduces environmental impacts: through environmental protection activities that prevent, reduce or eliminate pollution or any other degradation of the environment, resource management activities that result in the more efficient use of natural resources, thus safeguarding against their depletion; or the use of goods that have been adapted to be significantly less energy or resource intensive than the industry standard.
	Report '0' for no environmental and clean technology R&D expenditures.
	If precise figures are not available, please provide your best estimate.
	Percentage of environmental and clean technology R&D
	E45238
	%
21.	In 2023, in which of the following categories of environmental and clean technology did this organization perform R&D
	activities?
	Select all that apply.
1	Air pollution management
	e.g., greenhouse gas control technologies or management services, physical or chemical treatment technologies, air pollution modeling and mapping services
2	B05203_y9
	Solid waste management e.g., collection of waste, recycling and organics, compaction-related technologies, landfill leachate collection and containment technologies
3	B05203_y10
	Wastewater management e.g., physical or chemical treatments of industrial wastewater, mine tailing handling and treatment, biological treatments of sewage
	B05203_y12
4	Protection and remediation of soil, groundwater and surface water e.g., in situ and ex situ biological, physical, chemical, thermal treatments, containment
5	B05203_y13
Ū	Protection of biodiversity and habitat
6	B05203_y14
	Noise and vibration abatement Exclude R&D related to workers' health and safety.
7	B05203_y15
	Protection against radiation Exclure R&D related to workers' health and safety.
8	B05203_y16
Ū	Heat and energy savings and management e.g., efficient equipment (advance insulation, high efficiency pumps or burners (Energy Star certified), etc.), energy storage technologies (flywheels, fuel cells, etc.), lighting upgrades, smart grid services and associated technologies

### Confidentiality

### Your answers are confidential.

By law, Statistics Canada is prohibited from releasing any information it collects that could identify any person, business, or organization, unless consent has been given by the respondent, or as permitted by the *Statistics Act*. Statistics Canada will use the information from this survwey for statistical purposes only.

### **Data-sharing agreements**

To reduce respondent burden, Statistics Canada has entered into data-sharing agreements with provincial and territorial statistical agencies and other government organizations, which have agreed to keep the data confidential and use them only for statistical purposes. Statistics Canada will only share data from this survey with those organizations that have demonstrated a requirement to use the data.

### Provincial and territorial statistical agencies

**Section 11** of the *Statistics Act* provides for the sharing of information with provincial and territorial statistical agencies that meet certain conditions. These agencies must have the legislative authority to collect the same information, on a mandatory basis, and the legislation must provide substantially the same provisions for confidentiality and penalties for disclosure of confidential information as the *Statistics Act*. Because these agencies have the legal authority to compel businesses to provide the same information, consent is not requested and businesses may not object to the sharing of the data.

For this survey, there are **Section 11** agreements with the provincial and territorial statistical agencies of Newfoundland and Labrador, Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia and the Yukon. The shared data will be limited to information on in-house research and development expenditures (Question 9) and inhouse research and development personnel (Question 16) pertaining to business establishments located within the jurisdiction of the respective province or territory.

**Section 12** of the *Statistics Act* provides for the sharing of information with federal, provincial or territorial government organizations. Under **Section 12**, you may refuse to share your information with any of these

organizations by writing a letter of objection to the Chief Statistician and returning it with the completed questionnaire. Please specify the organizations with which you do not want to share your data.

For this survey, there are **Section 12** agreements with the statistical agencies of Prince Edward Island, the Northwest Territories and Nunavut. The shared data will be limited to information on in-house research and development expenditures (Question 9) and in-house research and development personnel (Question 16) pertaining to business establishments located within the jurisdiction of the respective province or territory.

## Innovation, Science and Economic Development Canada

For this survey, Statistics Canada will share survey data with Innovation, Science and Economic Development Canada. The shared data will be limited to information on research and development expenditures (Questions 4 to 13) and in-house research and development personnel (Questions 14 to 16).

### Natural Resources Canada

For respondents with expenditures on energy-related research and development in technology (fossil fuels, renewable energy resources, nuclear fission and fusion, electric power, hydrogen and fuel cells, energy efficiency, other energy-related technologies), Statistics Canada will also share survey data with the Office of Energy Research and Development (OERD) of Natural Resources Canada. The shared data will be limited to information on Energy Research and Development Expenditures by Area of Technology (Question 19).

You may refuse to share your information with this organization by writing a letter of objection to the Chief Statistician and returning it with the completed questionnaire.

### **Record linkages**

To enhance the data from this survey and to reduce the reporting burden, Statistics Canada may combine the acquired data with information from other surveys or from administrative sources.

Thank you for completing this questionnaire. Please retain a copy for your records. Visit our website, www.statcan.gc.ca
