Foreign direct investors – are foreign entities (persons, private or public corporations) with 10% or more of the voting equity in the Canadian reporting enterprise.

Foreign sister companies – are foreign companies with whom you have an equity or debt relationship and share the same foreign parent company. Neither sister company owns more than 10% voting power in the other sister company.

C2. FOREIGN BANK LOANS (IDENTIFY EACH LOAN SEPARATELY)

Foreign bank loans are usually from a single banking institution in a foreign country. In this case, the distribution of the bank loan would be assigned 100% to one foreign country. For each bank loan, use the country code list provided on page 10 to identify the country where the loan originated.
