A - Introduction

Survey purpose

This survey collects financial and operating data needed to produce statistics for your industry. Please consult the reporting guide at www.statcan.gc.ca/guides-e for more information on survey purpose.

Data-sharing agreements

To reduce respondent burden, Statistics Canada has entered into data sharing agreements with provincial and territorial statistical agencies and other government organizations, which must keep the data confidential and use them only for statistical purposes.

Information on confidentiality, data-sharing agreements and record linkages can be found on the last page of this questionnaire.

Confidentiality

The *Statistics Act* protects the confidentiality of information collected by Statistics Canada.

Fax or other electronic transmission disclosure

Statistics Canada advises you that there could be a risk of disclosure during facsimile or other electronic transmission. However, upon receipt, Statistics Canada will provide the guaranteed level of protection afforded all information collected under the authority of the *Statistics Act*.

Your answers are confidential.

Statistics Canada is prohibited by law from releasing any information it collects which could identify any person, business, or organization, unless consent has been given by the respondent or as permitted by the *Statistics Act*. The confidentiality provisions of the *Statistics Act* are not affected by either the *Access to Information Act* or any other legislation. Therefore, for example, the Canada Revenue Agency cannot access identifiable survey records from Statistics Canada.

Information from this survey will be used for statistical purposes only and will be published in aggregate form only.

Data-sharing agreements

To reduce respondent burden, Statistics Canada has entered into data sharing agreements with provincial and territorial statistical agencies and other government organizations, which must keep the data confidential and use them only for statistical purposes. Statistics Canada will only share data from this survey with those organizations that have demonstrated a requirement to use the data.

Section 11 of the *Statistics Act* provides for the sharing of information with provincial and territorial statistical agencies that meet certain conditions. These agencies must have the legislative authority to collect the same information, on a mandatory basis, and the legislation must provide substantially the same provisions for confidentiality and penalties for disclosure of confidential information as the *Statistics Act*. Because these agencies have the legal authority to compel businesses to provide the same information, consent is not requested and businesses may not object to the sharing of the data.

For this survey, there are **Section 11** agreements with the provincial and territorial statistical agencies of Newfoundland and Labrador, Nova Scotia, New Brunswick, Quebec, Ontario, Manitoba, Saskatchewan, Alberta, British Columbia, and the Yukon.

The shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province or territory.

Section 12 of the *Statistics Act* provides for the sharing of information with federal, provincial or territorial government organizations. Under **Section 12**, you may refuse to share your information with any of these organizations by writing a letter of objection to the Chief Statistician and returning it with the

completed questionnaire. Please specify the organizations with which you do not want to share your data.

For agreements with provincial and territorial government organizations, the shared data will be limited to information pertaining to business establishments located within the jurisdiction of the respective province or territory.

For all manufacturing industries — (1) Environment Canada, (2) Natural Resources Canada, (3) the Prince Edward Island Department of the Provincial Treasury (P.E.I. statistical agency), (4) the Northwest Territories Bureau of Statistics and (5) the Nunavut Bureau of Statistics.

For establishments in non-ferrous metal (and aluminum) smelting and refining, clay building material and refractory manufacturing, cement manufacturing and lime manufacturing — (1) the Newfoundland and Labrador Department of Natural Resources, (2) the New Brunswick Departments of Natural Resources and Energy, (3) the Quebec Ministry of Natural Resources and Wildlife, (4) the Ontario Ministry of Northern Development and Mines, (5) the Manitoba Department of Science, Technology, Energy and Mines and (6) the British Columbia Ministry of Energy, Mines and Petroleum Resources.

For establishments in logging, sawmills, shingle and shake mills, hardwood veneer and plywood mills, softwood veneer and plywood mills, wood preservation, particle board and fibreboard mills, waferboard mills, mechanical pulp mills, chemical pulp mills, paper (except newsprint) mills, newsprint mills and paperboard mills — the Ontario Ministry of Natural Resources.

Authorized disclosure

Section 17 of the federal *Statistics Act* allows for the disclosure of a list of individual establishments, firms or businesses showing information including the establishments' names and locations (province, territory and municipality) and North American Classification System (NAICS) codes. The disclosure of these lists may be authorized in order to aid analysts in the interpretation of data from the Annual Survey of Manufactures and Logging.

Record linkages

To enhance the data from this survey, Statistics Canada may combine it with information from other surveys or from administrative sources.
