INTRODUCTION

**This information is collected under the authority of the *Statistics Act*, Revised Statutes of Canada, 1985, Chapter S-19.
COMPLETION OF THIS QUESTIONNAIRE IS A LEGAL REQUIREMENT UNDER THIS ACT.**

Purpose of this survey

This survey collects financial, wage and contractor fee information that is used to produce price indexes. These indexes measure change in prices for informatics professional services. You as the respondent will benefit from completing this questionnaire by now having the ability to benchmark your company against other companies in the same industry (in aggregate form only).

Statistics Canada uses this information to better measure the volume of activity in the computer services industry. For the purpose of this survey, "informatics professional services" covers the following types of businesses: software publishers; data processing; hosting and related services; computer systems and related services; Internet publishing and broadcasting, and web search. Your information may also be used by Statistics Canada for other statistical and research purposes.

Confidentiality

Statistics Canada is prohibited by law from releasing any information it collects which could identify any person, business, or organization,

the *Statistics Act*. Statistics Canada will use the information from this survey for statistical purposes.

Record linkages

In order to enhance the information you provide in this survey, Statistics Canada plans to combine the responses relating to your organization with the information you previously provided on this survey. Statistics Canada may also combine the information you provide with other survey or administrative data sources.

Your participation is important

Your participation is vital to ensure that the information collected in this survey is accurate and comprehensive.

Fax or e-mail transmission disclosure

Statistics Canada advises you that there could be a risk of disclosure during the transmission of information by facsimile or e-mail. However, upon receipt, Statistics Canada will provide the guaranteed level of protection afforded all information collected under the authority of the *Statistics Act*. **Note:** There is no risk of disclosure if you are completing a web-based questionnaire online.

**Please return the completed questionnaire to Statistics Canada within 15 days of receipt
by mail using the return envelope.**

You can also fax it to us at 1-888-883-7999 or email to bss0@statcan.gc.ca.

Lost the return envelope or need help? Call us at **1-877-604-7828** or mail to:
Statistics Canada, 150 Tunney's Pasture Driveway, Ottawa, Ontario, K1A 0T6

A – INTRODUCTION

INSTRUCTIONS

Please use this page as a quick reference for definitions of the business activities listed on the next page in Section B.

Software publishing

This Canadian industry includes establishments primarily engaged in publishing computer software, usually for multiple clients and generally is referred to as packaged software. Establishments in this industry carry out operations necessary for producing and distributing computer software, such as designing, providing documentation, assisting in installation and providing support services to software purchasers. These establishments may design and publish, or publish only.

Examples: Packaged computer software publishing (including designing and developing); packaged computer software (all formats); packaged publishers games.

Data processing, hosting and related services

This Canadian industry includes establishments primarily engaged in providing hosting or data processing services. Hosting establishments may provide specialized hosting activities, such as web hosting, video and audio streaming services, application hosting, application services provisioning, or may provide general time-share mainframe facilities to clients. Data processing establishments may provide complete processing and preparation of reports from data supplied by the customer; specialized services, such as automated data entry; or they may make data processing resources available to clients on an hourly or time-sharing basis.

Examples: Application hosting; automatic data processing; computer input preparation services; computer processing services; computer time-sharing services; data entry services; data processing services; disk and diskette conversion services; input preparation services; leasing of computer time; microfilm recording and imaging services; optical scanning data services; rental of computer time; computer service bureaus; video and audio streaming services; web hosting.

Internet publishing, broadcasting and web search portals

This Canadian industry includes establishments primarily engaged in publishing and/or broadcasting content on the Internet or operating websites, known as web search portals, that use a search engine to generate and maintain extensive databases of Internet addresses and content in an easily searchable format. The Internet publishing and broadcasting establishments in this industry provide textual, audio, and/or video content of general or specific interest. These establishments do not provide traditional (non-Internet) versions of the content that they publish or broadcast. Establishments known as web search portals often provide additional Internet services, such as e-mail, connections to other websites, auctions, news, and other limited content, and serve as a home base for Internet users.

Examples: Internet directory publishing; Internet book publishing; Internet broadcasting; Internet entertainment sites; Internet game sites; Internet newspaper publishing; Internet periodical publishing; Internet software publishing; publishing, maps, street guides and atlases (exclusively on Internet); technical books, publishing (exclusively on Internet); web search portals.

Computer systems design and related services

This Canadian industry includes establishments primarily engaged in providing expertise in the field of information technologies through one or more activities, such as writing, modifying, testing and supporting software to meet the needs of a particular customer, including the creation of Internet home pages; planning and designing computer systems that integrate hardware, software and communication technologies; on-site management and operation of clients' computer and data processing facilities; providing advice in the field of information technologies; and other professional and technical computer-related services.

Examples: Computer consulting services; disaster recovery services; facilities management services; hardware consulting services; custom computer programs or systems software development; custom computer software consulting services; programming services; systems analysis and design; computer-aided design (CAD) systems services; computer-aided engineering (CAE) systems services; data processing facilities management services; design and system analysis, computer services (software); facilities management services, computer support services; information management system design services; Internet page design services, custom; local area network (LAN) systems integrators; management information systems design consulting services; office automation, computer systems integration; computer hardware requirements analysis; software installation services; custom software programming; custom software systems analysis and design; systems analysis and design, computer services (software); systems engineering (system integration); web page developing.

B – BUSINESS ACTIVITIES

We have selected one business activity for your company:

Software publishing

This Canadian industry includes establishments primarily engaged in publishing computer software, usually for multiple clients and generally referred to as packaged software. Establishments in this industry carry out operations necessary for producing and distributing computer software, such as designing, providing documentation, assisting in installation and providing support services to software purchasers. These establishments may design and publish, or publish only.

Was your company engaged in the business activity identified above in 2013?

C1000

1

Yes

➤ Please go to **Section C**.

3

No

➤ Please select **one** of the business activities below that best represents your business and complete the questionnaire.

Note: *If you did not perform the pre-selected activity at all in 2013, then select the activity that represents your main business activity from the choices below.*

Descriptions and examples of the business activities are given in Section A.

C1001 <input checked="" type="radio"/> Software publishing	C1002 <input type="radio"/> Data processing, hosting and related services	C1003 <input type="radio"/> Internet publishing, broadcasting and web search portals	C1004 <input type="radio"/> Computer systems design and related services

Total	C2017	<input type="text"/>	C2018	<input type="text"/>

E – OPERATING REVENUE AND EXPENSES

Reporting instructions:

Please provide the dollar value for the revenue and expenses for the fiscal years indicated, **ONLY** for the business activity **selected in Section B**.

If your company has locations in other provinces and territories across Canada, then please provide the total from all locations in Canadian dollars only.

Please do not report revenue and expenses **unrelated to the business activity selected in Section B**.

REVENUE

OPERATING REVENUE

Include: Fees charged to clients for employees and contract workers and expenses (cost + mark-up) recovered from clients (e.g., hardware, software, travel and accommodation and sub-contracted services).

Exclude: Revenue earned by foreign operations. Software sales unrelated to informatics professional services and all taxes collected for remittance to a government agency.

	2012 (CAN\$)		2013 (CAN\$)
C3001	<input style="width: 95%;" type="text"/>	C3005	<input style="width: 95%;" type="text"/>

EXPENSES

EXPENSES FOR EMPLOYEES

Include: Wages, salaries, benefits and bonuses paid to full-time, part-time and temporary employees whose time was charged to the business activity **selected in Section B**.

Exclude: Overhead expenses (e.g., wage, salaries and benefits and bonuses of administrative staff, building occupancy costs, purchased services such as legal and accounting services).

	2012 (CAN\$)		2013 (CAN\$)
C3002	<input style="width: 95%;" type="text"/>	C3006	<input style="width: 95%;" type="text"/>

EXPENSES FOR CONTRACT WORKERS

Include: Fees paid to contract workers for their work on the business activity **selected in Section B**.

	2012 (CAN\$)		2013 (CAN\$)
C3003	<input style="width: 95%;" type="text"/>	C3007	<input style="width: 95%;" type="text"/>

OTHER EXPENSES

Include: All other expenses incurred for work on the business activity **selected in Section B** (e.g., software, hardware upgrades, office expenses, travel and accommodation).

Exclude: Overhead such as taxes refunded by government, rent, utilities and insurance.

	2012 (CAN\$)		2013 (CAN\$)
C3004	<input style="width: 95%;" type="text"/>	C3008	<input style="width: 95%;" type="text"/>

F – PERSONNEL

AVERAGE NUMBER OF PAID EMPLOYEES

Average number of paid employees during the reporting period for the business activity selected in Section B.

To calculate the average number employed: add the number of employees in the last pay period of each month of the reporting period and divide this sum by the number of months (usually 12).

Exclude: Partners, proprietors and non-salaried personnel.

2012	2013
C4001 <input style="width: 100px; height: 20px;" type="text"/>	C4004 <input style="width: 100px; height: 20px;" type="text"/>

AVERAGE NUMBER OF PAID EMPLOYEES WHO WORKED FULL-TIME

Full-time employees during the reporting period for the business activity selected in Section B.

Full-time employment consists of persons who usually work **30 hours** or more per week.

To calculate the average number of full-time employees: add the number of full-time employees in the last pay period of each month of the reporting period and divide this sum by the number of months (usually 12).

2012	2013
C4002 <input style="width: 100px; height: 20px;" type="text"/>	C4005 <input style="width: 100px; height: 20px;" type="text"/>

FOR INFORMATION ONLY

G – AVERAGE ANNUAL PERCENTAGE CHANGE IN LABOUR RATES

Average annual percentage change for salaries and wages paid to employees and fees paid to contract workers.

For the fiscal year indicated and the business activity **selected in Section B**, please complete the average annual percentage change for SALARIES AND WAGES PAID TO EMPLOYEES AND FEES PAID TO CONTRACT WORKERS. Please follow the example below:

Example: Your company has 3 employees who can charge their time to the activity **selected in Section B**. Two of these employees received annual increases of 1% and 5%. The third employee did not receive an increase (0%). The sum of the three wage rate changes (1%+5%+0%) is 6.0%. When you divide by the number of employees (6.0% / 3 employees), the result is an average annual percentage changes in wage rates of 2.0%.

Note : If there is no variation in the average annual percentage change of salaries and wages or of fees paid to contract workers, then write "0".

SALARIES AND WAGES RATES

Please report the average annual percentage change (+, -) in the salaries and wages paid to employees whose time is charged to the business activity **selected in Section B** for all provinces and territories.

Exclude: The salary or wage changes for general and administrative staff.

2012 (%)	2013 (%)
C4007 <input style="width: 80px;" type="text"/> . <input style="width: 20px;" type="text"/> %	C4009 <input style="width: 80px;" type="text"/> . <input style="width: 20px;" type="text"/> %

FEES PAID TO CONTRACT WORKERS

Please report the average annual percentage change (+, -) in the fees paid to contract workers whose time is charged to the business activity **selected in Section B** for all provinces and territories.

2012 (%)	2013 (%)
C4008 <input style="width: 80px;" type="text"/> . <input style="width: 20px;" type="text"/> %	C4010 <input style="width: 80px;" type="text"/> . <input style="width: 20px;" type="text"/> %
