2008 Survey of Service Industries: Surveying and Mapping

**(F)** 

В	- Main business activity
1.	Please describe the nature of your business.
2.	Please check the one main activity which most accurately represents your main source of revenue.
	Geophysical surveying and mapping services - Business units primarily engaged in gathering, interpreting and mapping geophysical data. These business units often specialize in locating and measuring the extent of subsurface resources, such as oil, gas and minerals, but they may also conduct surveys for engineering purposes.
	O248 Surveying and mapping (except geophysical) services - Business units primarily engaged in providing surveying and mapping services of the surface of the earth, including the sea floor. These services may include surveying and mapping of areas above or below the surface of the earth, such as the creation of view easements or segregating rights in parcels of land by creating underground utility easements.
	0040 ☐ None of the above — Please call <b>1-888-881-3666</b> for further instructions.
