GENERAL INFORMATION

This information is collected under the authority of the *Statistics Act*, Revised Statutes of Canada, 1985, Chapter S-19. **COMPLETION OF THIS QUESTIONNAIRE IS A LEGAL REQUIREMENT UNDER THIS ACT.**

Purpose of this survey

This is a survey of plants using grain mainly to produce ethanol or biodiesel in western Canada. The use data are split into purchases from licensed grain companies and from farmers. The data are required by the Agriculture Division of Statistics Canada for calculations of grain deliveries and supply-demand.

Confidentiality

Your answers are confidential.

Statistics Canada is prohibited by law from releasing any information it collects which could identify any person, business, or organization, unless consent has been given by the respondent or as permitted by the *Statistics Act*. The confidentiality provisions of the *Statistics Act* are not affected by either the *Access to Information Act* or any other legislation. Therefore, for example, the Canada Revenue Agency cannot access identifiable survey records from Statistics Canada.

Information from this survey will be used for statistical purposes only and will be published in aggregate form only.

Record linkages

To enhance the data from this survey, Statistics Canada may combine it with information from other surveys from administrative sources.

Instructions:

1. Please report stocks held in your company's elevators in metric tonnes. **Include imports.**
2. Please report the quantities of grain used in your plant. Report the quantities purchased from farmers and the quantities purchased from companies separately.
3. Please keep a copy of this report for your file and return a copy to Statistics Canada within one week.
4. You may return this questionnaire by mail in the enclosed envelope or by facsimile. Statistics Canada advises you that there could be a risk of disclosure of your information if you choose to return it by fax, e-mail or other electronic means. Upon receipt of your information, Statistics Canada will provide the level of protection required by the *Statistics Act*. Address the facsimile report to Statistics Canada. The Statistics Canada facsimile number is **1-888-883-7999**.
5. If you have any questions, please telephone 1-800-665-3393. **Thank you.**

DATA-SHARING AGREEMENTS

To avoid duplication of enquiry, Statistics Canada has entered into data-sharing agreements with provincial statistical agencies, which must keep the data confidential and use them only for statistical purposes. Statistics Canada will only share data from this survey with those organizations that have demonstrated a requirement to use the data.

Section 11 of the *Statistics Act* provides for the sharing of information with provincial statistical agencies that meet certain conditions. These agencies must have the legislative authority to collect the same information, on a mandatory basis, and the legislation must provide substantially the same provisions for confidentiality and penalties for disclosure of confidential

information as the *Statistics Act*. Because these agencies have the legal authority to compel businesses to provide the same information, consent is not requested and farm operations may not object to the sharing of their data.

For this survey, there are **Section 11** agreements with the provincial statistical agencies of Ontario, Manitoba, Saskatchewan and Alberta.

The shared data will be limited to information pertaining to farm operations located within the jurisdiction of the respective province.
